Docket No. 98N-1265
Food and Drug Administration

Rockville, MD. 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS:

I like being able to use a specialized pharmacy, so that I can get hormone replacement that is specifically designed for my body - I want choices so that I can control my own health - not have it controlled by big pharmaceutical companies!
